

Manufacturers & Stockists of Nickel Alloy, Titanium Alloys, Special Metals & Stainless Steel Products

PLUG GASKETS

We at Jade Special Metals are one of the well-known manufacturers, exporters and suppliers of Plug Gaskets. We have developed products for a range of industries over the years. This Plug Gaskets are widely used by the Oil & Gas, Heat Exchangers, Petrochemical and Offshore Industries in applications subject to high pressures and temperatures.

This Plug Gaskets are mainly used to seal the Header Plugs with the Plug Sheets to avoid Leakage. When tightening down header plugs to Fin-Fan / air cooled heat exchanger, its standard operating procedure to include a simple flat gasket to prevent leaks and create a better seal. Jade Special Metals has the capacity to produce massive quantities of flat heat exchanger gaskets in any material, at any size and with any specialty coatings you may require.
